**FOR IMMEDIATE RELEASE****The Hoots Group Selects HeadsUp Technologies**

June 29, 2007

Overland Park, KS – **The Hoots Group**, Atlanta's pioneer in green building, announced that it is teaming with HeadsUp Technologies of Overland Park, KS to use its construction project management software. The Hoots Group will use HeadsUp to schedule its new, remodel and energy upgrade projects.

Web-based HeadsUp daily captures field report information from the job. The HeadsUp schedule and project management information is available from any location with Internet access. All that is needed is a PC, Notebook, Tablet PC, PDA or PDA Phone to access information. HeadsUp is the only web-hosted Construction Management System that daily collects data from the construction site, compares it with the schedule, recalculates the schedule, and sends decision impelling warnings to management as part of a comprehensive project management system.

###

**About The Hoots Group**

The Hoots Group is located at 432 Calhoun St. NW, Atlanta, GA 30318. Phone (404) 474-7379. <http://www.thehootsgroup.com>  
The Hoots Group specializes in state-of-the-art home performance techniques that raise the standard for home comfort and energy efficiency. Green construction practices and environmental responsibility are the cornerstone of all Hoots Group projects. Whether remodeling, building new, or testing and upgrading a home's energy systems, The Hoots Group will maximize a home's comfort and efficiency in a sustainable way.

**About HeadsUp Technologies, LLC**

HeadsUp Technologies is a software development company that provides a web-based construction management solution for both residential and commercial construction companies and developers. HeadsUp integrates *Critical Path Method* scheduling, project management, and real-time profit analysis into a single application. Since the application is Web based it allows collaboration among all project team members regardless of location. HeadsUp's integrated design provides vital business information ahead of time, enabling intelligent and informed decisions when managing construction projects. *HeadsUp Technologies is located at 10500 Barkley, Suite 225, Overland Park, KS 66212.*
